SALES TAX DECLARATION

As you may know, CFP has a responsibility to Alabama, Illinois, and Wisconsin to collect state sales/use taxes when required. Therefore, if you are exempt from sales/use tax, please complete and return the form below so it is clear that you are sales/use tax exempt for the purchase(s) in question. If we do not receive a declaration of exemption specific to your purchase(s) from us, sales/use tax will be added to all future invoices you receive from us. Please note that we do not collect county, city, or local taxes. Any applicable county, city, or local taxes are your responsibility. Thank you for your cooperation.

SALES TAX DECLARATION

We are not liable for the sales/use tax on products that we purchase from your company for the following reason. (Please check one.)

- We purchase your products for resale. Please find our attached resale certificate.
- We are exempt from sales/use tax because our state has a program that exempts machinery and/or machinery parts from sales/use tax, and the products we purchase from you qualify for that exemption.
- Other. Please attach a copy of the appropriate exemption certificate and explain:
